

“DREAM BIG...INCLUDE OTHERS” – A pause of reflection by Rick Reese

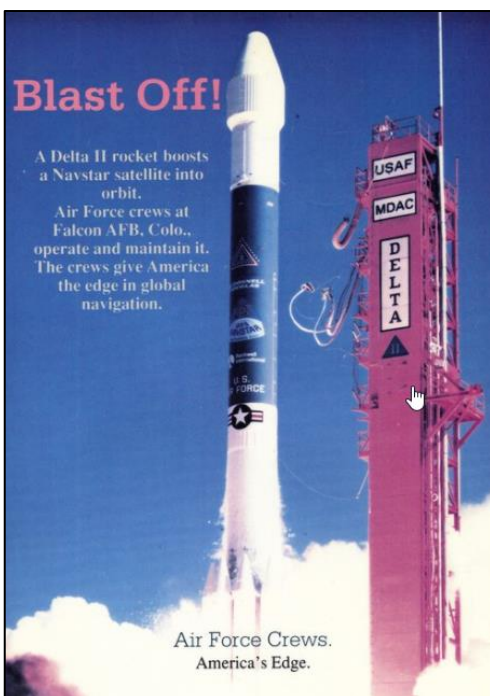

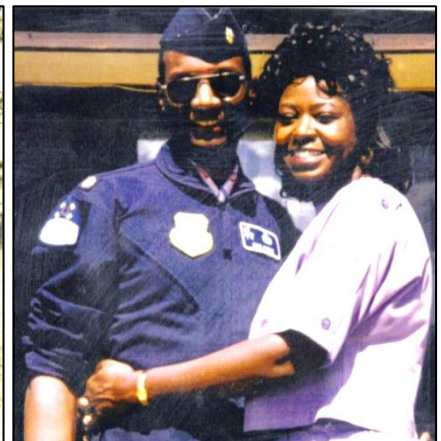

**UNIVERSITY OF MASSACHUSETTS
(LOWELL 81’)**

In 1978, founded the Lowell chapter of the National Society of Black Engineers - to increase the numbers of culturally responsible Black engineers who excel academically, succeed professionally and positively impact the community. The NSBE Lowell chapter is still going and growing! Received the 2017 Alumni Award.

**COMMISSIONED OFFICER IN
US AIR FORCE**

Successful military career on the tip of the spear launching & controlling US military satellites.

Retired in 1997.

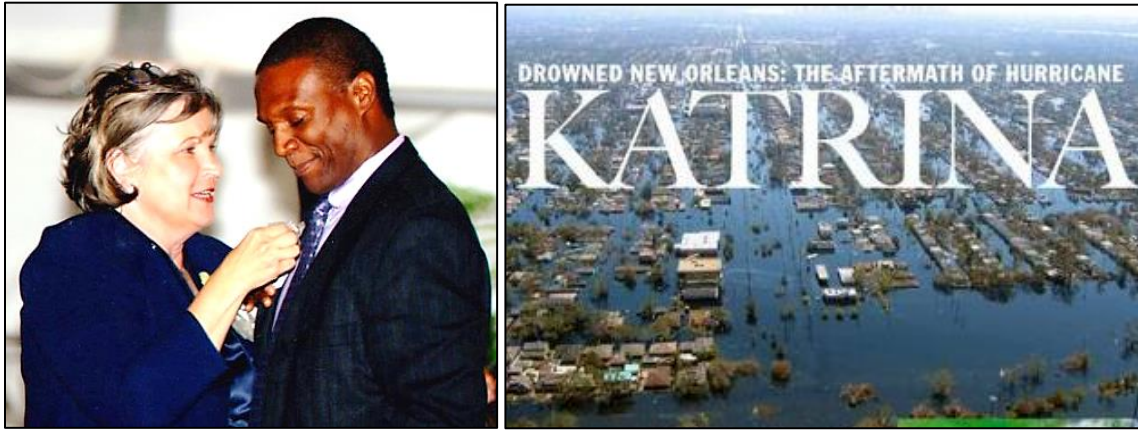

**FIRST GPS II
SATELLITE LAUNCH**

A member of the US Air Force mission control team for the FIRST GPS II satellite launch in 1989.

The program launched a total of 62 GPS II satellites.

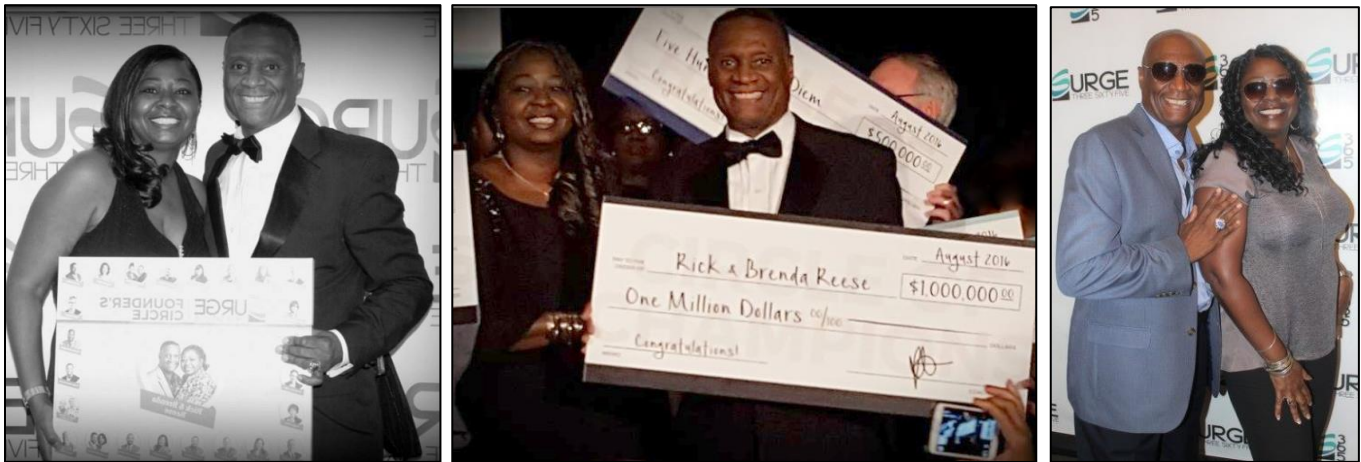

Much of the world now takes for granted GPS for accurate location and navigation services.
